It all begins at 7.30pm...

Andrew Winton works his slide guitar magic

and then...

Abbe May's scotch soaked vocals will break your heart.

as the play unfolds...

PLATFORM candidly exposes eight characters waiting restlessly at a desolate Melbourne suburban train station. Conversations start, tensions mount and conflict seeps to the surface. The end result is a dysfunctional culmination of harsh reality and the absurd.

Dwelling beneath the surface of seemingly ordinary affairs, PLATFORM exposes the dark truths of our future obsessed society.

PLATFORM is directed by Claire French and features

Tom Hutton  
Ingrid Paxton  
Gemma Willing  
Joshua Debowski  
Elle Young  
Chad Neylon  
Josh Brant

And set to a soundtrack composed by Myles Wright

and finally...

Schvendes perform sexy tales of murder and mayhem in their very own hybrid of orchestral/experimental rock.
